

# Slipknot, SIC (live)

here it comes the pain  
Enemy - Show me what you wanna be  
I can handle anything  
Even if I can't handle you  
Readily - Either way it better be  
Don't you fuckin' pity me  
Get up, get off...  
What the hell am I sayin'?  
I don't know about malevolent  
Sure as hell decadent  
I want somebody to step up, step off  
Walls! Let me fall! FUCK YOU ALL!  
Get a grip, don't let me slip 'til I drop the ball  
I - I want it all!  
Fuck this shit, I'm sick of it  
You're goin' down, this is a war!  
Who the fuck am I to criticize your twisted  
state of mind?  
You're leavin' me suspect - I'm leavin' you grotesque  
Feels like a burn from which you never learn  
Cause and effect, you jealous ass  
Press your face against the glass - SUFFER!  
I - I want it all!  
Fuck this shit, I'm sick of it  
You're goin' down, this is a war!  
I've just begun  
It's about that time  
Gotta get mine  
YOU CAN'T KILL ME  
CUZ I'M ALREADY  
INSIDE YOU  
SICK
