

# Sloan, Backstabbin'

Oh it's one thing,  
Then another thing.  
Building up into a mountain of annoying.  
You keep scratching, you're unattractive.  
A shinin' light on everything that I am lacking.

Then you turn around and give me that look, yea.  
Backstabbin' with a positive hook, yea.  
Then you turn around and give me that look, yea.  
And there's nothing I can say about it.

Backstabbin', yea backstabbin'. x2

Change of pitch,  
Flick the switch,  
Button all the buttons.

Backstabbin', yea backstabbin'.

It's something new  
From the truth,  
Everything for nothing.

Backstabbin', yea..

Then you turn around and give me that look, yea.  
Backstabbin' with a positive hook, yea.  
Then you turn around and give me that look, yea.  
And there's nothing I can say about it.

Backstabbin', back-backstabbin'.

Oh it's one thing,  
Then another thing.  
Building up into a mountain of annoying.  
You keep scratching, you're unattractive.  
A shinin' light on everything that I am lacking.

Then you turn around and give me that look, yea....  
Backstabbin' with a positive hook, yea....

Then you turn around and give me that look, yea.  
Backstabbin' with a positive hook, yea.  
Then you turn around and give me that look, yea.

Backstabbin', yea backstabbin'.
