Sloan, Emergency 911

I don't want no police I don't want no police Around my door

No, I don't want no police I don't want no policeman Creeping around my front door

And if you do If you do I don't want any part of you If you do If you do Then I don't really wanna hang around with you

I don't want no fire trucks I don't want no fire trucks On my block No, I don't want no fire trucks Flashing pretty lights And driving up and down my block

Cause if you do If you do I don't want any part of you If you do If you do Then I don't really wanna hang around with you

Can I make a request that a certain part of you Makes sure you feel safe Makes sure I feel safe Because if you can't Then I can't trust you I don't think it's any fun to have to invite 911

And if you do If you do I don't want any part of you If you do If you do Then I don't really wanna hang around with you

Can I make a request that a certain part of you Makes sure you feel safe Makes sure I feel safe Because if you can't Then I can't trust you I don't think it's any fun to have to invite 911

And if you do If you do I don't want any part of you If you do If you do Then I don't really wanna hang around with you

And if you do If you do I don't want any part of you If you do If you do Then I don't really wanna hang around with you
