

# Sloan, Last Time In Love

This is my last time  
Last time in love  
And I got suddenly scared  
That I'll never get to fall in love  
Again

All my life  
I opened myself up to  
Anyone  
I try for awhile and always let 'em down  
Moving on  
Was something I mastered  
Is it  
Fair to say I got so good at it  
That I went to town  
Then I met you  
(Ooh-ooh-ooh)  
Falling for you wasn't hard to do  
But dj vu  
(Ooh-ooh-ooh)  
Always falling but this feeling's new

Is this my last time  
Last time in love  
Oh it's time I asked myself why  
I'm not learning my lesson

If it's my last time  
Last time in love  
Then it's bittersweet because I  
Know I'll never get to fall in love  
Again

Hanging in has been hard up till now  
Because I  
Tried to be someone else  
But it wasn't doing any good  
Everyone  
I ever went out with thought I  
Had to change  
Anyone who knows me knows I never could  
Now I'm with you  
(Ooh-ooh-ooh)  
Sticking with it can be hard to do  
But I can say  
(Hey-ay-ay)  
I wouldn't have it any other way

Now it's my last time  
Last time in love  
Oh it's not that I never cared  
For the others way back when

But it's my last time  
Last time in love  
Oh and I got suddenly scared  
That I'll never get to fall in love again

Yes it's my last time  
Last time in love  
I wonder who'd've believed  
Of the ones who knew me well

That it's my last time

Last time in love  
Oh but part of me is relieved  
That I'll never have to fall in love  
Again
