

Sloan, She Says What She Means

When in the world
I'm gonna get it together
I'm telling you girl
I'm gonna make it all better

But I don't know how I'm going to
'Cause I don't know what she is going through
What I know is that's even mean for me
'Cause she means what she says and she says what she means

What is the word
It's like you don't even know me
Haven't you heard
This sort of thing is below me

But I don't know what I would stoop to
Have you got another jump I could hoop through
Now, I don't know if that's even meant for me
'Cause she means what she says and she says what she means

When she says that I'm mean, does she mean what she says?

And she says what she means, and she means what she says
And she says what she means, and she means what she says

Maybe I don't stay in touch much
'Cause it makes me feel I'm goin' Dutch
Oooo...
Maybe I'm the sort who's sordid
Yeah, but I won't be extorted
Oooo...

Whenever you want me, whenever you need me
I know that you're angry, you know that I'm sorry
Well this situation has come back to haunt me
Whenever you need me, whenever you want me
Whenever you want me, whenever you need me
Whenever you want me, whenever you need me
Whenever you want me
