

# Sloan, Sleepover

Think that I could stay with you?  
I realize it's after two  
In the morning but I need  
To put my head down and to feed  
My empty belly but don't you worry  
It's been awhile now  
I'm in no hurry  
I don't care if there's no bed  
I would love to meet your pet  
I'd be surprised if there's a pillow  
I just take what I can get  
I missed a little  
Dental hygiene  
Sometimes it feels good  
When I am not clean  
I know that I can never wash away my sorrow  
But I'll sleepover  
Until tomorrow  
Think that I could stay with you?  
I realize it's after two  
Why's this always happening to me?  
Oh, I don't know why  
It's always happening to me  
Oh, I don't know why
