

Sloan, The Good In Everyone

First off
Here's what you do to me
You get rough
Attack my self-esteem
It's not much
But it's the best I've got
And I thought you saw
The good in everyone

Ooh, the good in everyone
You see the good in everyone
You see the good in everyone

I close my eyes
I can't give it up
I close my mind
I can't get enough
I'm in no shape
I gotta turn it off
Just let it play
The Good In Everyone

Ooh, the good in everyone
You see the good in everyone
You see the good in everyone
You see the good in everyone
Ooh, the good in everyone
