

Sloppy Meateaters, Suddenly Forget

Late night devours, my will power I'm afraid
Everything I say and do comes back to me
What can I do, I'm all out of time

I'd give it all away
If I could change one thing
Black days sing
Let's pretend it never happened
Just forget it please

Suddenly forget I instantly regret
The moment I set eyes on you
Suddenly forget my world just turns to shit
Have you ever felt so used

Searching for reason and some meaning
I need change
The way I see it I don't need it
All I do is think and breathe it
This makes me insane

Point the blame ignore the sin
Found the truth the problem is all mine
Given time I'll get by but tonight I chose a side
In the day I feel alright
