

Sloth, Media

Can we make the billboards any bigger?

We will keep on buying

Make sure we push the sex

We keep on selling

Underage children

Having children

While we keep on blaming the media

Feeding the

Media

For excuses that we make

Media feeding the media

For excuses that we make

Television's your religion

Television's your religion

Television's your religion

Television's your religion

Throw your pacifiers away

It is all around us

It is all around us

It is all around us

Say it

It is all around us

It is all around us

It is all around us

Say it

Man will keep on building

While we keep regressing

There is no one caring

But the TV set

Poor little Johnny

Lost his mommy

To Al Bundy

While we keep on blaming the media

Feeding the media

For excuses that we make

Media feeding the media

For excuses that we make

Television's your religion

Television's your religion

Television's your religion

Television's your religion

Throw your pacifiers away

It is all around us

It is all around us

It is all around us

Say it

It is all around us

It is all around us

It is all around us

Say it

It is all around us

It is all around us

It is all around us

Say it

It is all around us

It is all around us

It is all around us

Say it

It's all around
