

Slovo, Weebles Fall

Seas are dry
Catfish fly
The sun spins 'round the earth
And the way we're living is the only way

Weebles fall
Thai dry chillies cool
The earth spins 'round the moon
And the way we're living is the only way

We'll close our eyes
Recite our daily lies
Get high, so high
We'll self lobotomise

Smart bombs tease
Riot police say please
Numbers sanctify our actions
And the way we're living is the only way

We'll close our eyes
Recite our daily lies
Get high, so high
We'll self lobotomise
