

# Slowmotion Apocalypse, This Is For The Sake Of

In my eyes  
Burns the flame of instinct  
I refuse to follow any rule  
This is for the sake of hedonism  
They control your will  
They control desire  
They erase the power of your dreams  
Fathers of all shame  
Throwing dirt on what we love  
You must be destroyed

Instinct will keep us alive

Under their eye  
Under their control  
You can't seek the pleasure itself  
Follow the diktat  
Submit and punish yourself  
Spread the disease  
Induce hysteria  
Transform the pleasure into pain  
Sell them your body  
Stick to their model  
It's your contribution to what  
We need to destroy

This is for the sake of hedonism  
You must be destroyed

Spit on  
The lies they are spreading  
They deserve to die  
With the lies they're spreading  
They must be destroyed
