Sly & The Family Stone, Life

```
All:
       Life, Life
          Past the clouds
          You don't have to come down
         Life, Life
          Tell it like it is
          You don't have to die before you live
You might get angry some times
          But don't let it turn you around
         All you gotta do
         Is get your livin' down
(CHORUS)
Sly:
       You might be scared of somethin' -- look at Mr. Stewart!
         He's the only person he has to fear
He'd only let himself get near
         He don't trust nobody
         If he stopped bein' so shady
         He could have a nice young lady
(CHORUS)
Freddie:
    You're gonna be sad sometime
          You might wake up to find your pet is gone
          But maybe
         He's tired of bein' alone
          Dog gets hip, it has to go
         If you're lovin' you can't be sad no more
