

Smalltown Poets, Garland Of Grace

Won't you be a good boy
Listen closely and enjoy
All the benefits that getting wisdom brings
Give her esteem
She is priceless and supreme
She will crown your head with more honor than kings

Get her boy and let yourself surrender
Run alone with her and never fall
She is wisdom and the most praiseworthy trait of all, of them all
Embrace her and the love she brings will save you
To the Father's justifiable ways
She is wisdom waiting with her prize
Garland of grace

Do you have none
Do you cry out for the One
Would you offer anything to understand (Listen closely to her)
Study her well
And in time the truth will tell
How it's wisdom that completely makes her man
And she will now so

With her garland of grace
