

# Smash Into Pieces, Heroes Are Calling

We started from below  
Through the ashes down from the dirt  
Running from the cold  
Drawn to fire, love when it burns

When it all comes down to destiny  
Only you can bend the rules  
Walk that road  
Through the ashes  
Down from the dirt

They're calling out  
Calling out  
Calling out

When the skies are falling  
Hear the heroes calling  
Can't hold us down  
Can't hold us down

Save the ones still crawling  
Hit me hard I'm all in  
Can't hold us down  
Can't hold us down

Can you hear them  
Calling out  
Calling out  
Calling out

Can you hear them  
Calling out  
Calling out

Heroes are calling  
Heroes are calling  
Heroes are calling

We're burning through the night  
From the darkness out in the light  
I can see us rise up  
Going all the way to the top

They're calling out  
Calling out  
Calling out

When the skies are falling  
Hear the heroes calling  
Can't hold us down  
Can't hold us down

Save the ones still crawling  
Hit me hard I'm all in  
Can't hold us down  
Can't hold us down

Can you hear them  
Calling out  
Calling out  
Calling out

Can you hear them  
Calling out

Calling out

Heroes are calling  
Heroes are calling  
Heroes are calling

Heroes are calling, oh

When the skies are falling  
Hear the heroes calling  
Can't hold us down  
Can't hold us down

Save the ones still crawling  
Hit me hard I'm all in  
Can't hold us down  
Can't hold us down

Can you hear them  
Calling out  
Calling out  
Calling out

Can you hear them  
Calling out  
Calling out

Heroes are calling
