

# Smash Mouth, Hang On

Things are getting weird, things are getting tough,  
Nothings making sense but you keep on looking up  
They'll tell you to be true, they'll try it everyday  
To keep it on the real still you got to find a way  
So make your mamma happy, to make your pappa proud  
You'll wanna turn it up and all you hear is turn it down

Bridge:

So gather round I'm here to say  
They'll never make everybody's day  
But while you're around you might as well, catch the tiger by it's tail

Chorus:

And hang on hang on hang on  
Everybody just get on get on get on  
Get started and go on go on go on  
Everybody just hold on

Sometimes I wanna cry, and throw the towel in  
They try to beat me down but i'll take it on the chin  
and everywhere i go the people all the same  
and they just wanna know that everything will be ok  
when things are getting rough you'll turn it back around  
you gotta turn it up when they tell you turn it down.

(Bridge)

And hang on hang on hang on  
Everybody just get on get on get on  
Get started and go on go on go on  
Everybody just hold on  
Just hang on

(Bridge)

(Chorus X2)
