

# Smashing Pumpkins, Aeroplane Flies High

I really don't want to look stupid when I'm sleeping  
I never really liked sunny days  
The black wings just reach out to me over the distance  
I can feel the wind from the wings  
I see the clouds and I feel the ocean with my feet  
I know I'm home  
It requires an ability to judge distance  
The aeroplane flies high  
Turns left, looks right

Love is a sentimental heart  
Life is a sentimental way  
Spy the fragile heart so cursed  
As he walks across this earth

I'm disconnected by your smile  
Disconnect a million miles  
And what you promised me  
I hope will set you free  
I'm disconnected by your smile

If I knew where I was going I would already be there  
Ha-ha-ha I don't know  
For sure I'm going to her  
Judicial, beautiful, ahh ormentive whatever  
I've always been afraid to die but I think I'm more afraid to live

And all I gave to you is lust  
And all you took from me is lust  
Black wings carry me so high  
Up to meet you in the sky

I'm disconnected by your smile  
Disconnect a million miles  
And what you promised me  
I hope will set you free  
I'm disconnected by your smile

Wishing you were real to me  
Wishing i could make believe  
I'll take my secrets to the grave  
Safely held beneath the waves  
Always knew I couldn't save  
Always knew I couldn't save you

And in my heart I know you there  
And in my heart I know you care  
And in my heart I know you gone
