You've gotta understand  
You've gotta understand  
It's just a fact that you must attack  
You gotta get it while you can  
Well everyone's gonna be a big star  
Everyone's gonna drive a fast car  
Everyone's gonna be in charge  
'Cause everybody's business is everybody's business

Yeah, it's just our master plan  
Yeah, we're coming down for you
