

Smaxone, I See You Pt2

I see your smile
In your eyes
I see your eyes
In your smile
Don't be gone
Don't be long
Call me home
I don't want to
Be all alone
When I just want
To be with you
I can sense you
I can't touch you
Let me feel
Want to hear
You want to see
You make it real
I can smell
You I can tell
You let me feel
Let me take you
I can't make you
I can feel you
I don't want to
Be all alone
When I just want
To be with you
