

Smaxone, If You Could

If you could
I'm sure you would
Spend your life
And give me eternity

Seeing through the
Wall next to you
Flying high then
Break down and cry

You can't go on
Searching my inner sun
I'll die without you

Blinded by the
Tears in my eyes
Search to find
Some piece of mind
Disappear still thoughts
Standing clear
Giving up time
Forever is here

You can't go on and on
Searching my inner sun
I'll die without you

You can't go on and on
Searching my inner sun
I'll die without you
