

Smile Dk, Do You?

Chorus:

Do you? Do you want me?
Do you love me?
Forever and ever?
Do you? Do you need me?
Never leave me, when we are together

Come on baby, I love you so
Really drives me crazy (x2)
Come on baby, I gotta go
Show me some affection
Give me some reaction

Bridge:

Stop kidding me, stop fooling me
Stop using me
What's it gonna be?

Do you? Do you want me?
Do you love me?
Forever and ever?
Do you? Do you need me?
Never leave me, when we are together

Come on baby, just let it go
Is this mutual attraction waiting for some action?
Come on baby, I want you so
Everything I do, I do it all for you
So...

Bridge:

Stop kidding me, stop fooling me
Stop using me
What's it gonna be?

Do you? Do you want me?
Do you love me?
Forever and ever?
Do you? Do you need me?
Never leave me, when we are together (x2)

Bridge:

Stop kidding me, stop fooling me
Stop using me
What's it gonna be?

Do you? Do you want me?
Do you love me?
Forever and ever?
Do you? Do you need me?
Never leave me, when we are together

Do you? Do you want me?
Do you love me?
Forever and ever?
Do you? Do you need me?
Never leave me, and won't ever leave me alone?
