

# Smile Empty Soul, Adjustments

Pull the world over my eyes, make me feel secure  
Before you stomp on everything that I have ever stood for  
I know your tricks, I know your game, I know your every lure  
I know you think I could be great with just a few adjustments

[Chorus]

So open your fucking ears and listen to my words  
Theres nothing you can ever say to change my mind  
I need to make this clear  
These words they must be heard  
I'm only me and I don't care if you don't like it  
Say the right things all the time, heard it all before  
And I don't need another asshole in my life right now  
Try to be my everything, my everything and more  
But everything in my life holds me down and keeps me bored

[Chorus]

I don't give a fuck if you don't

Like it

Fake it

Love it

Hate it

[Chorus x2]
