

Smile Empty Soul, Loser

I've always tried for the best
I never wanted everything to end up so confusing
If all my life is a test
I never thought that God would find my failure so amusing
[Chorus]
Give me something good and I'll fuck it up
All my life I've tried but never had much luck
To be happy but I guess it's just not meant to be
I'm gonna die a loser
I'm sorry family and friends
I always wanted to be something you could all be proud of
But all I am is a mess
And you still give me every chance in the world and of your love
[Chorus]
I'm gonna die a loser
[Chorus]
I'm gonna die a loser
I'm gonna die a loser
