

Smile, Step On Me

Know what I said when I saw you crying
Hang on that's folly
I was weak in the head out to meet your lying
You're just a bad memory
My life was going to be better
My why did I never ever see she'd step on me

Well I talked to your friend just the other day
I was gonna look and raise a smile
And she hid a smile and she ain't like you
Been asleep from all the journeys a little while

My life was going to be better
My why did I never ever see she step on me
Step on me, step on me, step on me

Now it's so good I won't waste my time
On a two year old picture of you
Oh now that you're gone everything's fine
