

# Smith & Thell, I Feel It in the Wind

If you can find a drop in a drying sea  
You'll find light in the darkest creeks  
Past the pain lies the keys to heaven  
There's still life in the Armageddon

If you can see the spark on a salty cheek  
You'll find calm in the apathy  
You'll see growth in the vast depression  
Pain is love at it's very essence

Then you told me  
Yeah you told me

I feel it in the wind my dear  
The sun is gonna reappear  
Good days are gonna come along  
Hold on  
Hold on  
I feel it in the wind my love  
The sky is gonna clear above  
Good days are gonna come along  
Hold on

If you can hear the sound of a heart that grieves  
I'll be dammed that it still believes  
Past the pain lies the keys to heaven  
There's still life in the Armageddon

Then you told me  
Yeah you told me

I feel it in the wind my dear  
The sun is gonna reappear  
Good days are gonna come along  
Hold on  
Hold on  
I feel it in the wind my love  
The sky is gonna clear above  
Good days are gonna come along  
Hold on

I feel it coming the tide is turning  
I feel it coming you just got to wait and believe  
I feel it coming the tide is turning  
I feel it coming you just got to wait and believe  
I feel it coming the tide is turning  
I feel it coming you just got to wait and believe  
I feel it coming the tide is turning  
oh

I feel it in the wind my dear  
The sun is gonna reappear  
Good days are gonna come along  
Hold on  
Hold on  
I feel it in the wind my love  
The sky is gonna clear above  
Good days are gonna come along  
Hold on  
Hold on  
Hold on  
Hold on
