

Smog, The Orange Glow Of A Stranger's Living Room

Under stars of violet
Under stars of green
Under stars of silver
Under stars.. of you

When i walk the city streets at night
I'm scared shitless
When i walk the country roads at night
I'm scared shitless
But still i go out
'Cause i get so restless

Under stars of violet
Under stars of green
Under stars of silver
Under stars.. of you

The orange glow of a stranger's living room
Looks so much warmer than mine
