

# Smoke Blow, Hate Kill Destroy

bad to the bone  
gotta leave me alone  
i am the king of the underground  
dont you come mess around  
you wear your lie as a part of you  
dont you know it burns right through  
gimme back  
gimme this  
gimme that  
we hate  
we kill  
destroy  
it all  
we hate - calling time again  
we kill - some thing never end  
destroy - good and bad combined  
it all - yeah its killing time  
you back me up against the wall  
through with you i hate you all  
time to feel the heat come down  
time to feel my heat come down
