

# Smokie, Youre So Different Tonight

Baby, I've never seen you look the way you do  
There's something special in your eyes  
Maybe I, I should tell you how I feel for you  
I want your love to be mine  
Cause you're so different tonight  
You shine when you walk in the room  
You're so different tonight  
Seems all the boys have eyes for you  
hypnotise I fantasise  
Ooh, ooh, ooh ...  
tell me you feel it too  
No one could look the way you do  
Lately I, I've been thinking about you and me  
And what the future has in store  
Lady, I need to tell you what I really need  
I want your love for evermore  
Cause you're so different tonight...  
Oh baby, I love you  
I want you to feel like I do
