Smoking Popes, Off My Mind

Baby, I just can't get you off my mind I'd hang out with you all the time If I didn't have to work

Maybe I should think about giving that up too

Baby, you're all that I need to live And I got so much to give Let's throw the world away

Close your eyes It's too late to say goodbyes

Baby, now you are the only thing That every morning brings So don't let me down
