Coming close to where it started
Homeless in may home town
Somethings God bring me her
Always everywhere
Driving past your open window
Here on the ground
J thought J seen you in the mirror
Until J found
Soft and worm in every corner
Some piece of mine
Ticking clock goes like a sun
Until J found
Coffees ready as you like it
My room without you
Heard some footsteps in the backroom
All I can be, I can fell, I will need is just right here
