Smoosh, It's Cold

When we go
I'm just afraid
That I'm never ever gonna make it
To the end
Where I'm supposed to be
But I am trying so hard to go,
And I, I don't know how

You can hold me tight
Cause it's cold at night

But when we're going,
And I don't know if I can go

Chorus

But when we're going,
And I don't know if I can go
And I and I and I don't know
And I may try to go

Chorus

When we go
I'm just afraid
That I'm never ever gonna make it
To the end

Where I'm supposed to be
But, I am trying so hard to go
And I, I don't know how

Cause someday when I try
Don't know how
And some day I hope
