

# Smooth Tha Messenger, Smooth Be Tha Name

(Chorus)

Smooth be my name gospel rap is my game  
I represent Christ not a thing here changed  
Some wanna playa hate yet I remain the same  
And I won't sellout to the money and the fame|

(Verse 1)

Now let me introduce myself Smooth be the name  
Not new to the game I gospel rap like it ain't no thang  
You may have heard me with the group K2S  
Been doing this for years through the blood sweat and tears  
When other groups faded we always kept on  
Don't know how we made it but we always stood strong  
So now I'm on my own doing the same ol thang  
Blazing mics getting hype with the different kind of swing  
You think you know me but I'm not the same person  
Still in the same routine everyday straight serving  
Same smooth flow but it's whole notha day  
Got you swaying to the track industry give way  
There ain't no holding back I'm about to breakthrough  
Every single thing that they said I wouldn't do  
Cause I'm more than a conqueror all things I can do  
And I'll say it one more time just in case you're wondering who

(Chorus)

(Verse 2)

Some people try to stop what I do even if they don't succeed  
They rather plant a bad seed spawning off a bad breed  
I saw the need and the hunger and began to feed  
That's why I'm bound to take you higher just like Creed  
I'm just a messenger going about my tactics  
So don't mess with me cause God's got my back kid  
My name is Smooth but I'm rough like sandpaper  
Nobody's gonna stop me like Shaq from the Lakers  
I'm on mission and I'm itching for some lost souls  
So pay attention what I mention is valuable  
Ain't no kidding how ya livin's gonna truly say  
If it's a given your forgiven of your sins today  
Who you represent What's it gonna be  
Is it life or death Get on your knees and plea  
Were more than conquerors all things we can do  
And I'll say it one more time just incase your wondering who

(Chorus)

(Verse 3)

I'm not quitting any time soon I'm making waves  
Through your city like a monsoon  
Giving you beats you can bump in your car boom  
Bringing the heat I'm going national like lampoon and worldwide  
So lay back and ride with me now  
Proclaim the father if you don't then I'll show you how  
It aint no bother everybody all together now  
get your hands up  
Smooth two-thousand and one now that's what's up

(Chorus)
