

Smoother, East Side

Ever look in my eyes
I'll take you on a ride, down, down
Getting sleeping feeling fast
Lost inside this world
The dream of breathing into you hurts
Now I'm getting into you
And I feel wiild

Chorus:

Meet me on the East side
Take you on a slow ride
Meet me on the Hollywood
(Mm-hmm)Girl you know you really should
Meet me on the South Beach
(Mmm)My little Georgia Peach
No matter where we go we get together
With that red dress on

And on And on And on

Make it fast up to the room
Forget about our friends
Make a drink and take it slow, slow
Talk about the things you like, people we meet
Feel the sex is comin in waves
Then we turn the room in two
That red dress on
Better move so we can taste another night
And I feel wild

(Wool!!)One more time
(Chorus)

Get together with that red dress on (x2)
