

Snake River Conspiracy, More Than Love

Ain't good enough but baby if you had to
Blind child couldn't if you had to
Get lost I don't really need you
One shot salvation never found you
I know it sounds to you as if I'm singin
I know it's hard to tell you what I'm thinkin
This means more than love to me
More than you'll ever be
Na-ah-ah-ah
This means more than love to me
What you never did to me (?)
Na-ah-ah-ah
Blind child couldn't if you had to
It kills better than it ought to
I think that you don't really have to
What's worse the lying or the f**k you (?)
I know it sounds to you as if I'm singin
I know it's hard to tell you what I'm thinkin
More than you'll ever be
Na-ah-ah-ah
This means more than love to me
What you never did to me
Na-ah-ah-ah
This means more than love to me
More than you'll ever be
This means more than love to me
This means more than love
Na-ah-ah-ah
