

Snakepit, Take It Away

(Slash/Eric Dover/Matt Sorum)

You and I
Have been playing this game
For so damn long
And I don't know why
These cards are too old
So I'm gonna fold
Bye Bye
Bye Bye
Bye Bye

Party's over and all our friends
are gone
Was it something I said, did we have
too much fun
Guess you missed it, look around
It
bringing everyone down

It's never you who's to blame
For setting the stage
You want it your way

C'mon, C'mon, C'mon,
Why don't you take it away
Take it away,
Come on, take it away
Take it away
Take it away
Take it away
Why don't you take it away
Take it away

Bad rumors goin' round
Nothing said from my mouth
Why would you think
It's you
It's hitting too close to home now

Is it me or you
Who carries the weight
To deal with your pain
And don't you hate it too
It smothers and drains all the same

C'mon, Take it away
Take it away
Why don't you take it away
Take it away
Why don't you take it away
Take it away
C'mon, Take it away
Take it away
Take it away

Chorus

You and I
Have been doin' the time
For all of your crimes
And I don't know why
It don't make sense
It seems such a waste of time

Bye Bye
Bye Bye
Bye Bye

Chorus
