

Snax Tasty, My Parade

(c. Tasty Snax)

Well don't you rain on my parade
I've had enough of you charade
and don't you pee on my fire
what might be yours ain't my desire
I did something good but you try to ruin
why can't you just be happy for me
and when I fail you're the first to know
why can't you just let it be whoa wo
woa wo whoa let it be whoa wo whoa wo whoa let it be
I say I'm right you say I'm wrong
but who are you to ruin my song
it's red to me it's blak to you
and when I say I win you say I lose
I did something good but you try to ruin
why can't you just be happy for me
and when I fail you're the first to know
why can't you just let it be whoa wo woa wo whoa let it be
