Sneaker Pimps, Tesko Suicide

Phone me and I'll hang up Sick and tired of being bubble gum chewed up Dark lane, bleak house shrinking rose, You're over and out Tie a cherry bootstring, put your candy teeth in Choking on a sweetheart, hang up, hang up

Go on girls - solo, Go on girls - take a chance, Go on girls - trust it, Go on girls - the truth is ...

Cut your hair wear a chip on your shoulder Get ahead, get laid, get it over Cheap show, back seat martyr's pose, you're over and out I'm checking out of my senses, buying best defences Putting on the trousers, hang up, hang up

Go on girls - solo,
Go on girls - take a chance,
Go on girls - trust it,
Go on girls - the truth is ...
So so ... Single ... So low ... The truth is ...

You want the day to fit to a soundtrack Get a story get a life and get back You've got nothing to shout about You're over and out

I'm checking out of my senses, Buying best defences Fired up on free-will, hang up, hang up

Go on girls - solo,
Go on girls - take a chance,
Go on girls - trust it,
Go on girls - the truth is ...
So so ... Single ... So low ... The truth is ...
So so ... Single ... So low ... The truth is ...
