

Snitcho And The Dinosaurs, Kill Snitcho

Snitcho hit you to the floor with the sound
Of music comin from deep underground
We don't care we're gonna do it our way
And if you disagree then you can turn away
Dance and shout and drink and fight
Snitcho burnin this place tonight
Slaughter and massacre just to try
Kill and drown us we won't die

We are snitcho
We are snitcho

A stumblin an' a fallin!
A-rumblin an' a rawlin!
And if you see us walkin down the street
Steppin by step and movin our feet hey
We won't be in your way but say !
Hey hey hey hey
Rock it to the sound of snitcho and the dinosaurs
Poundin the sounds of the underground

You're looking for a god in all the wrong places
Walking down the street staring at blank grey faces
Monotonous world with monotonous rhyme
This is our world this is our time
When will you find that your life is a lie
That your smile is fake and you socialise
With people you don't like and don't care about

We are snitcho
We are snitcho
