

Snitcho And The Dinosaurs, Ready Made Rips

I hate the government because green day told me to
My second favourite band is blink 182
Claiming they will one day take down authority
This is just bullshit from the majority
Don't ever tell me you like punk rock and then say
That the best band in the world is green day
That's just shit
And you fuckin' know it

Ready Made Rips
Ready Made Zips
Ready Made Ripz

They say they're not in it for the money
The band they've made is really just a hobby
It should be up to you to decide what you believe
You have the right not to be deceived

Billie Joe's counting coins in his castle
While you are blindly chanting bullshit
He's thinking of new ways to sponge money
Off the american idiot public
