

Snog, Stomp Song

Okay, boots, are you ready?

The big black boot's gonna stomp on your face
Stomp on your face
Stomp on your face
The big black boot's gonna stomp on your face
All of the livelong day

The politicians, gangsters and all of the slugs
All of the slugs
All of the slugs
The politicians, gangsters and all of the slugs
Stomp on you night and day

Those machines of entertainment gonna stomp on your face
Stomp on your face
Stomp on your face
Those machines of entertainment gonna stomp on your face
While they make you pay

If you're not careful they'll gather in a circle and
Stomp on your face
Stomp on your face
If you're not careful they'll gather in a circle and
Stomp on you night and day
Stomp on you night and day
Stomp on you night
Stomp on you night
Stomp on you night and day
