

Snoop Dogg, Bitch Please

(feat. Nate Dogg, Xzibit)

[Intro:]

[Xzibit]

Yeah

Time to bring your ass to the table y'all

It's X to the Z, Xzibit

Snoop double G, uh O.G (Westcoast, Los Angeles)

Uh, bring it live, Dr. Dre

What

Throwin' up a big ass W

Coverin' up the world, right

Yeah, listen, look

[Verse 1:]

[Xzibit]

You ain't try to high box with me

I'm swing hard liquor

Goin' down by the second round

All for the underground

Hideout sound

Xzibit mackin' down for my conflict

Fuck the nonsense, terrorist

Hit a bomb shit

Blast with metal in every direction

Innocent bystanders taught a very hard lesson

I'm the reason there's no time to reach for that weapon

And reason why Niggas promise keep on steppin'

Xzibit ready to scrap

Like Mike Tyson with his license back

9 to 5, minimum wage

What type of lights is that for me

It not for me

You fuckin' round with the Sundance Kid and Butch Cassidy

You outta your destiny

You don't wanna tango with the X,

strangle your neck

slap like the opposite sex

Drunk drivin' tryin' to stack my loot

While other rappers gettin' treated like a prostitute

So check the sound scale

[Hook:]

[Snoop Dogg]

All I wanna be was a G, ha

My poor guide, Nigga please, ha

Breakin' on these motherfuckin' keys, ha

Let's get these motherfuckin' G's, ha

Bet you don't wanna fuck with this

[Verse 2:]

[Snoop Dogg]

Oh no, big Snoop Dogg

Back up in the heazy baby

You jockin' my style

You so crazy

Dre said, Ain't No Limit to this

As long as we drop gangsta shit

Look here bitch

You fine and I dig your style

Come fuck with a Nigga

Do it Doggystyle

I'll be gentile, sentimental

Shit, we fucked in a rental

Lincoln Continental
Um, coast to coast
L.A. to Chicago
I get this pussy everywhere that I go
(Yeah Nigga you know what's happenin' man)
X-ing bitches and your click can't say no
(These bitches know what time it is)
I get this pussy everywhere that I go
(Yeah, oh, a story bout a Nigga like me)
X-ing bitches and your click can't say no
(I'ma hip these hoes, Nigga)

[Hook:]
[Xzibit]
Bitch please
Get down on your goddamn knees
For this money, chronic, blow that weed
You fuckin' with some real O.G's
Bitch please
Bitch please
Get down on your motherfuckin' knees
We came to get the motherfuckin' G's
Yeah, you fuckin' with some real O.G's
You dick-tease

[Verse 3:]
[Snoop Dogg]
Bitch please
Now what you need to do is
Hand my coat
And roll me some dough in
Different strokes,
for different folks
Oh, you like settin' Niggas up and gettin' them loc's
Oh, cute lil' bitch with a whole lot hard
Shit get thick when the lights get dark
She said she got some lick for me
Worked about 200 G's and 30 keys
Now check this out Dre
Snap if I don't move
Then a Nigga like me
Shit I don't lose
But you know me
Dogg I'm movin'
Ain't nothin' to it, but to get the groovin'
You've been waitin' on a Nigga like me
To take your chance and ride with men and beat up the pussy
A victim off the circumstance
Pass the devil
They always wanna dance
See we grow up with a bang
I'm tryin' to work this cold thing
And take this whole thing
I get the money everywhere that I go
I bust a bitch and take here money fo' sho'
I get the money everywhere that I go
I bust a bitch and take here money fo' sho'

[Outro:]
[Nate Dogg x4]
Ayyo, ayyo, ayyo
You don't wanna step to me
Still claimin' DPG
Till the day I D-I-E
