

# Snoop Dogg, Catch a Vibe (feat. HeyDeon)

I don't know them niggas  
Nigga, why don't you roll up there with me?  
Nigga, quit actin' scary  
We both go up there, it's gon' look like somethin' up  
Now you know niggas get real paranoid when they see a gang of motherfuckers walkin' up

Now this legendary shit is brought to you by  
The D-O-double-G, twenty years of luxury  
20 Crippin', fuck with me, east side hustler  
Plus a cold motherfucker, you can't get enough of me  
Ultramagnetic, these bitches gon' spread it for me  
Chain lookin' sleepy, diamonds all embedded  
Party poppin' like it's Beat Street, everybody lit  
Everybody gettin' ready, summertime about to hit again  
California's the spot  
I'm worldwide whether you like it or not, hop in the whip  
Drop it and dip, top of the mornin', I'm out with a bitch  
I'm in these streets clockin' a grip  
I'm never gon' slip, never gon' fall off, grab that sawed-off  
Everything above your neck, I blow that all off  
You ain't in my bracket or my status quo  
Snoop Dogg in the party with the baddest ho, let's go

Cruisin' down the 405 (405), yes  
Take a break to catch a vibe (Catch a vibe)  
Summertime  
catch a vibe (Vibe), catch a vibe (Vibe)  
Cruisin' down the 405 (405), yes  
Take a break to catch a vibe (Catch a vibe)  
Summertime  
Catch a vibe (Vibe), catch a vibe (Vibe)

Take a puff, flip the page, continue the story  
I control the big stage, got fame and the glory  
Money in the bank, from the streets to the business suites  
From the Beach to executive meetings, more money, two million this week, nigga  
From a street killer to a multi-million dollar weed dealer  
Homies told you don't bring the bitch, Doggy Dogg might leave with her  
The breadwinner, I'm so rich and I'm never bitter  
Runnin' game like a treadmill, cold nigga, big winner  
Cruisin' down the 405, choose a place, yours or mine  
We can make this legal paper, no need to read between the lines  
Now we talkin' stocks and bonds, NFTs and cryptos  
The money profit crackin', so to the bank a Crip go  
I'm all about investments, I'm all your homies' reference  
My boss moves on the top news, Snoop Dogg, he do not lose  
The homie built a new franchise, needed one million, so I dropped two  
Showed the nigga what the guap do when I stop through and I pop through and I got you

Cruisin' down the 405 (405), yes  
Take a break to catch a vibe (Catch a vibe)  
Summertime  
catch a vibe (Vibe), catch a vibe (Vibe)  
Cruisin' down the 405 (405), yes  
Take a break to catch a vibe (Catch a vibe)  
catch a vibe (Vibe), catch a vibe (Vibe)
