[Protestor]

Man what the FUCK do you think we're doin here  
We're FED UP, we're sick of this shit!  
And the police ain't never gonna get anywhere man  
Shakin people down, shinin the lights in our eyes  
Treatin all of us like criminals, cause of where we live  
And right in front of our kids!

[Spokesman]

Uh sir do you know where your kids are right now?

Oh, oh, oh, shabba-dooba-dee-da-dee  
Shab-dooba-da-da-dee-dee (Black)  
Oh, oh, oh, (Part of being black yo)  
Shabba-dooba-dee-da-dee  
Shab-dooba-da-da-dee-dee

[Snoop Dogg]

When I get up, shakin up, breakin up, takin up  
Tryna get my money on, tryna cake up  
Tryna stack up, and tryna back up  
Tryna pack up, I gotsta act up, and get my thang right  
Cuz you know, it's all part of being black  
No disrespect to the white, but you know  
When your black your black  
You got to do one thing and try an get some get back  
Uh it's the truth, it's a fact  
That when your black, everybody on ya back  
It's true, it's a fact  
That when your black, everybody tryna take yo stack  
Now watch out for the rat pack  
From the black, yo' niggas in the front, yo' niggas in the back  
Yo' niggas who got stack, and yo' niggas who got 'Lacs  
Yo' niggas who don't get it, but yo' niggas who pack  
Now you gotsta have a full game, cuz if you gone be black  
You gotsta watch out, cuz these niggas want stacks  
These niggas on a mission and they have to rat pack  
They don't give a fuck, cuz these niggas is black  
They being black about the mind, being black about paper  
But being all about black ain't givin you vapors  
And try to put you up on game and try to show ya  
That if you ain't black, you besta get a white lawyer  
Cuz I'ma tell ya and give ya the game, that  
being black is like being in the yang  
Cuz they always gone label you, always gone fable you  
And always gone point at you when somethin go down  
And I knew, that it would be me, and not jiz-ou  
Cuz they know that I roll, with the biggest black criz-ew  
And we all about gettin green  
but when your black tryin to get green,  
it's hectic, know what I'm mean?  
Cuz they always gonna, stop ya - drop ya - pop ya - mop ya  
And then they gonna sweep ya, up under the rug  
No more gangbangin, no more hidin out thug  
I'm tellin you the real, you better feel what I feel  
Cuz these niggas on a mission, a mission to kill  
And they ain't askin nobody and that's a fact  
You better watch out if your black

[Male singer]

We all people  
So tell me what we do to get cheated the same  
Oooooohhh  
Beware people

Better watch your back and step up your game  
Beware, beware  
We all people  
Tell me when we gonna get cheated the same

[Snoop over chorus]

Uh, it's true that when your black, they out for ya stack  
Gotta watch ya back, cuz niggas is niggas,  
and that's part of being black  
You gotta keep ya eyes on ya stack  
These niggas gone getcha black, uh it's real  
It's a fact, cuz ya gotta watch yourself when your kinda black  
Be real, watch ya back,  
cuz if you don't these niggas gone getcha black

[Snoop Dogg]

Now you wonder why I put so much pressure on my brothers  
But niggas is niggas, and I can't put it no other -  
Way, just play and say what you wanna say  
Niggas is the same all throughout the USA  
I been around the world, and I came on back home  
And niggas is the same, they always try to get ya boy  
They like dogs, squabblin, tryin to get yours  
But if you ain't gone open it, they knock down the doors  
They gone take what they get, gonna get what they take  
And if you gone be fake, check that shit from the gate  
If you afraid of the dark, then stay out the alley  
They got blacks being blacks way out in the valley  
I used to be afraid, like to be shook up  
Cuz niggas like you always leave the game hooked up  
Tryna get yours, but you gone get it too fast  
Cuz I'ma tell ya, watch them niggas,  
cuz them black ass niggas on the move in the mash boy  
And niggas don't care cuz they out for cash and they know  
If they catch you slippin, they gettin you and gettin away  
Its part of the pay, its part of the day, they do it they way  
And if you black it goes on like ev-er-y-day  
I don't know black on black, black for black  
But blacks take off on blacks  
Blacks need to realize and wake up  
And see we all one color, all one game  
You my sister, you my brother  
So you my daddy, or you my mother  
I don't know but I know we all realated  
And if we stay down there's no way that they can fade it  
But that's just a game peice from me to y'all  
But if black on black gone continue to brawl  
Then black gone fall, then black knah  
Y'all better wake up and check out the black Dogg

[Male singer]

So Snoop Dogg speak the real  
It don't even make a difference if it got matching sho'real

[Snoop Dogg]

Uh, its like that,  
then your black, they out for ya stack  
And its a fact, when your black, ya can't come back  
Cuz if ya go to the hood, they watchin you  
They will lurk in you, they gonna get you  
Cuz your not payin attention, you led a nigga too much,  
but that nigga straight snitchin

[Chorus - Male singer]

We all people

So tell me what we do to get cheated the same  
Oooooohhh  
Beware people  
Better watch your back and step up your game

We all people  
Tell me when we gonna get cheated the same  
Beware people
