

Snoop Dogg, Peaches N Cream (ft. Charlie Wilson)

She's 'bout to go in
She likes that low end
Damn, her ass is so big
Just keep it bumping
Peaches and cream

She's to fly for words
And where I'm at now I'm to high for birds
Shorty what you think about my return?
Cause what he think about it ain't my concern
I ain't come for you I came for your misses
I don't do it for the haters, I do it for the players
Well okay, I do it for the riches
Put in a mean time an then between time
Shorty right there gon' get it If she with it if she ain't
And I know her partner down cause her partner throwing shots
Every time I turn around, and her partners bringing partners every time I come to town
I'm a G6 sir, a Maybach-er
You can tell the chauffeur he can park it right there
And I'm a walk up to the club upstairs
And When I come down he can bring it back here

She's 'bout to go in
She likes that low end
Damn, her ass is so big
Just keep it bumping
Peaches and cream
