

Snot, Divided

You are divided
For now (for now)
You are divided
For now (for now)
You are divided
I have a wish
I want to learn
I wish to see
And I want to affirm
That what I see in reflection day to day
Isn't all I am
Say what you see when you close your eyes and glide
The only shell who can circumvent the tide
Shares of himself, and tells us what he knows a piece of him will stay
When the rest of him, goes
You are divided
For now (for now)
You are divided
For now (for now)
You are divided
For now (for now)
You are divided
I have a wish
I want to learn
I wish to see
And I want to affirm
That what is here broken record everyday
Isn't all there is
Say what you see when you close your eyes and glide
The only shell to circumvent the tide
Shares of himself, and tells us what he knows
A piece of him will, stay
The piece of him to stay
Helps me grow
The piece of you
That makes you you
That piece stays (you are divided)
That piece of you
Makes you you
That piece stays (you are divided)
You're only divided
You're only divided (you're only divided)
You're only divided
The piece of you
That makes you you (you're only divided)
Don't be afraid
You're only divided
The piece of you
That makes you you (you're only divided)
Don't be afraid
