

# Snow Patrol, DON'T GIVE IN

don't give in  
don't you dare quit  
so easy give up  
there you got a sword  
don't say  
there you ... forever  
I know, I know

it's in your blood  
it's in your making  
so don't hold your tongue  
cause it's no longer working  
don't fall on your sword  
just follow your instincts  
like an old lesson learned /2x

only you know what is, what it is to see through  
see through the eyes that are trained on me now  
I can only tell you how it looks from here  
oi think you made up your mind /2x

don't give in  
don't you dare quit  
so easy give up  
there you got a sword  
don't say  
there you ... forever  
I know, I know

yes, there's a lot we can  
we can learn from this loss  
learn not to let it fall around our ears  
don't fall in love with the way things were  
it will fuck up your mind /2x  
there is all on the wings of others  
I loved you more  
more than your old friends  
so it ain't the same  
it won't be lost forever /2x

don't give in  
don't you dare quit  
so easy give up  
there you got a sword  
don't say  
there you ... forever  
I know, I know

this is your grace  
ad I don't know why /2x  
/2x

don't give in  
don't you dare quit  
so easy give up  
there you got a sword  
don't say  
there you ... forever  
I know, I know
