

# Snow Patrol feat. Martha Wainwright, Sticky Teen

To run about with no style chasing her around Dundee  
Making sense about as much as nonsense is meant to make sense  
Sleeping in cause I'm mortified to go outside today  
All this time and I have chnaged so much but sometimes never  
Keep in time  
All my love I am leaving here because I cannot cope with your man touching you and patronising m  
What's his game?  
I don't give a toss about what he has to say for himself or anyone for that matter  
Keep in time  
All this time I'm thinking if I could make you love me  
I'd be better this time, swear to God
