

# Snuff, 7 Days (Solomon's Boring Week)

Backed it up on Monday  
Dragged it out through Tuesday  
Wednesday turned to Thursday  
Friday just forgot

With no thoughts for the days  
He let the world turn on  
The hour slipped away  
Another week was gone

Hatched a plot on Monday  
Backed it up on Tuesday  
Wednesday turned to Thursday  
Friday just forgot  
Then Saturday moon boots all day  
All day Sunday non entity  
The money came and went  
Another week was spent

Backed it up on Monday  
Dragged it out through Tuesday  
Wednesday turned to Thursday  
Friday just forgot

With no thoughts for the days  
He let the world turn on  
The hour slipped away  
Another week was gone
