## Snuff, Chocs Away

Dont take it from me you know I'm just guessing It wasnt a clue I dont know the way You've got a brain maybe its time to use it

Fire it up, a little warm running Chocs away, go & mp; meet whats coming You aint a fool, there aint a limit Fire it up, find out whats in it

Caught between worlds no there aint a warning Dont take it from me I dont know the way You've got a brain maybe its time to use it

Fire it up, a little warm running Chocs away, go & mp; meet whats coming You aint a fool, there aint a limit Fire it up, find out whats in it

Chocs away, a little warm running Fire it up go & Department whats coming You aint a fool, there aint a limit Fire it up, find out whats in it
