

# Snuff Pop Inc., Dermaptera

(Death-watch)

Upright at a pinch 'cause of noose-sustain (death-trap)  
My smiling ain't pleasure only swallowing pain

A coin-operated copyrihter's down on me

Just a record-gnome pointing to the short cut to my long home  
(death can)

It's the sneaking up my back like an earwig of fear  
To force an entry into my ear  
Climbing down my spinal column for a heart attack

(Death-trap)

(Death-art)

Tap-dancing for my life on an oil-stained cant  
In a gun cancan with odds like a rock on an ant  
Well, I'm the guy his resistance betrayed  
My forebodings are always delayed

Suffer from  
Your carcinogenic mass-frustration  
Your carcinogenic mass-production

Upright at a pinch 'cause of noose-sustain  
I'm smiling not with pleasure but from swallowing pain

Your carcinogenic affectation  
Avaricious deathroll masturbation  
Casino-genocide Rat-trap  
Trap trap trap trap trap trap trap trap TRAP

(Dead heat)

There's a business-gnome  
Pointing to the short cut to my long home

(Death-watch)

Ant 1991!
