

# So They Say, Nuclear sunrise

His shadows the blanket that couldn't keep you warm if it tried  
So would you like to take a ride  
On the last free standing thought in my mind  
And I hope it won't get old  
I highly recommend you bring an end to what your feeling inside  
You don't scare me  
I'm wide eyed mouth dried in a nuclear sunrise  
Stay here and burn with me under the sun  
Lay me here underneath the California sun  
Theres a sea of children playing in the streets with no friends  
So heres to the faithless, get off you ass and start a revolution  
You don't scare me  
I'm wide eyed mouth died in a nuclear sunrise  
Stay here and burn with me under the sun  
Lay me here underneath the California sun  
I will die here (the sun)  
And without fear (the sun)  
I hold everything (the sun)  
Laying here under the sun (under the sun)  
I'm wide eyed mouth dried in a nuclear sunrise  
Stay here and burn with me under the sun  
Theres a sea of children playing in the streets with no friends  
So get off you ass and start a revolution
